Rappahannock River Yacht Club is hosting the **2022 HOSPICE TURKEY SHOOT REGATTA** this coming weekend. Opening is Friday, September 30th, and the racing and more socializing will be Saturday and Sunday, October 1 & 2. Yankee Point Racing and Cruising Club is assisting RRYC with this grand gobblers gathering!! They are not likely to shoot any turkeys as the name implies, but a good time for all is assured. Worth noting: a weekend ago, Tom Chapman, won the coveted *Rappahannock River Cup* in his J24, *HOT AIR*. Finishing second and third respectively were Glenn Solt in his Alerion 28, *FREEDOM*, and Winthrop Schwab/Richardson's Santana *SILVER FOX*. Both Freedom and Silver Fox are entered to race in the Turkey Shoot Regatta. And, Tom Chapman will be there as co-chairman of the event. **LATE ENTRIES may be submitted until the day of the regatta with the additional nominal late fee.** Click on <https://yachtscoring.com/emenu.cfm?eID=15333> to see the "Notice of Race, 5.Entry and Fee". If after checking out the NOR, you have questions, contact: either Race Co-Chair Tom Chapman (804)577-3202 or Jerry Latell (804) 766-6151. You'll have a good time if you go!

How come they call it the Turkey Shoot Regatta, but don't shoot turkeys?

Here's the WIKIPEDIA definition of *turkey shoot*: " A turkey shoot is an opportunity for an individual or a party to take advantage of a situation with a significant degree of ease. The term likely originates from a method of hunting wild turkeys in which the hunter, coming upon a flock, intentionally scatters them. Once the flock is scattered, the hunter sets up and waits, as the scattered flock will return to that point individually, making them easy targets. "

So, you see it's a reference to the gist of the thing - the way in which you go about it – enjoying this regatta is easy-peasy.

CCVR FALL SERIES Day 2 – Race 3. It did *not* blow 30 knots Sunday. Racing was *not* in the least bit hampered. The sky did not fall. It's all good! Twenty-four (24) boats raced as scheduled in Hampton Roads Harbor. This particular race is the middle-distance race of the series. The first part of the day saw bouncy, lumpy, tough sailing conditions, which moderated as the day went along. The PHRF A, PHRF B/C & ORC Cruisers, and PHRF NonSpin courses were 15.60nm, 11.60nm, and 8.80nm respectively. The southwest wind ranged from high- to low-teens throughout the day. **RESULTS:** PHRF A (7boats): 1.**Will Roberts**, *REMEDY* (J36); 2.**Leroi Lissenden**, *VOODOO* (Tripp 30); 3.**Doug Bird**, *JOYRIDE* (Melges 32). OCTOBER IS ANNAPOLIS SAILBOAT SHOW MONTH!

<https://www.annapolisboatshows.com/united-states-sailboat-show/>

MAKE ARRANGEMENTS NOW. . . even if, especially if, you are within striking distance of a one-day-up-and-back!

MURPHY'S LAW: *Yrs Truly, the Racing Beagle*, knows most of us racers, at one time or another, have done the Hurricane Shuffle. If you decide to move the boat to a safer **hurricane hole**, once you are there you begin to worry about the possibility of storm driven sand piling up and blocking your post-storm exit. The shuffle occurs as you mentally bounce between the safety of the hole and the likely jammed schedule of the dredge owner. It ain't easy- the TLC required for a raceboat. . .but it is worth it! 😊 /S/ *Murphy the Racing Beagle, the sailing spirit in us all.*
