Southern Bay Racing News You Can Use #490

SBRNYCU is an independent weekly publication of southern Chesapeake Bay racing happenings. Founded in April, 2000.

CCV SPRING SERIES, Race #3. The weatherman sprinkled enough yellow blobs and blips around the Sunday morning radar picture to make "prudent" the word of the day. So, the fleet, 36 strong, sallied forth into a choppy and blustery Hampton Roads and successfully stole a day from the weather prognosticators. This race was the race-around-fixed-marks that is featured on the middle weekend of both the Spring and Fall Series. **RESULTS:** PHRF A (8 boats) - 1.**David Eberwine**, *Sea Star*; 2.**Christian Schaumloffel**, *Mirage*; 3.**Phil Briggs**, *Feather*. PHRF B (12 boats) - 1.**Rusty Burshell**, *Cool Change*; 2.**Graham Field**, *Independence*; 3.**Bob Archer**, *Bad Habit*. PHRF C (11 boats) - 1.**Justin Morris**, *The Hunter*; 2.**Jonathan Phillips**, *Fine*; 3.**Mike Veraldi**, *Quicky*. PHRF Non-Spin (5 boats) - 1.**Leo Wardrup**, *Black Widow*; 2.**Bob Howell**, *CYMRU*; 3. **Kathy Barber**, *Figaro*. Principal Race Officer - John McCarthy **NOTE:** The final day of CCV Spring Series (Races #4 and #5) will be same place, same time, same Bat Channel, this coming Sunday, May 2. Racing will be around drop marks.

FBYC Spring Series. Seventeen (17) boats raced on the *rivah* Sunday, and there were reports of gusts near 30 knots - now that's challenging. **Cyane Crump** in her J/105, *She Crab Soup*, had the best finishes of the day in the PHRF A fleet (1-2). Cyane and Travis Weisleder are now tied for the top spot in the series standings. **Eric Powers**, *Nereid*, took two wins in PHRF B. **Miles Booth** and the *Shenanigan* crew moved into first place (by one point) in the B fleet series standings on 3rd and 4th place finishes for the day. **Brad Miller** in *Schiehallion*, C Fleet leader in the Series, was a lonely racer in the PHRF C fleet. Brad finished the course both times, while his competition was either DNF or DNS. The same lonely situation occurred for Dick Cole, *Nutcracker*, in the PHRF Non-Spin Fleet. Race Chairman - John Wake, Jr. FBYC Spring Series continues next Saturday.

An important message Yesterday word spread through the southern Bay racing community that long time active racer **Neal Garrett** has been taken seriously ill. Neal sails his S2 9.1 *Strega* in the PHRF B fleet in Hampton Roads. Neal has been a mainstay of the fleet for many years. He is always there on race day. Be generous with your thoughts and prayers for Neal.

The **North Carolina contingent racing in Hampton Roads** increased Sunday when the *Cash Flow* team arrived in town. Skipper/owners **Lloyd and Heather Griffin** make their home in Elizabeth City, but do a lot of racing on the Chesapeake Bay. **Chuck Monsees** and the *Rockette* crew are already in Hampton and raced in the CCV Spring Series opened. Chuck is an Elizabeth City-ite too.

Hampton University finished first in the shortened 2 on 2 regatta this past weekend hosted at USMA in West Point. There was no racing yesterday (no wind), but later conditions became so bad that the HU team was delayed flying out of New York. **Christopher Newport University** was among a number of teams that stood in second place when the abbreviated regatta was halted.

SOUTHERN BAY RACE WEEK 2010 entries keep climbing - 57 as of today. For info or forms click on www.blacksealcup.com or call Lin McCarthy at (757) 850-4225 or email at mcbear@earthlink.net

SAILS TO SAVE HAITI Update: **Jim Muldoon**, owner of *Donnybrook*, former president of CBYRA and US Sailing, and entrant in the **2010 Down the Bay Race** has given the single largest donation since the quake on January 12th. Jim is sending 30 plus sails for temporary housing for the Haitians. To put it in perspective, this will cover 2 football fields worth of protection from the elements. **Haitians still can use your old sails for temporary housing - rainy season is upon them.** North Sails has agreed to become the official national drop off point for **Sails to Save Haiti**. **Kenny Saylor's** North Sails loft in Hampton-(757) 722-4000 - is a drop off place, as is North Sails Chesapeake in Annapolis. Or if neither are convenient just call or email (804) 334-6950 dodger8385@aol.com - SSH will come get you sails.

Racers can go up against **Jim Muldoon** and *Donnybrook* with their "good" sails in the 61st running of the **Down the Bay Race**. Start is Friday of Memorial Day Weekend - May 28. Annapolis to Hampton, non-stop! Go to www.hamptonyc.com and click on the DTB logo.

Mathematically speaking, THINK about this. . . "Teaching Math and Science Through Sailing - A National Pilot Project The National Sailing Hall of Fame & Sailing Center is developing ". . .an adaptive STEM-sailing model for use around the country. Based on the premise that students would find math and science more interesting and less abstract if concepts were tied to **the practical applications of sailing**, Hudson River Community Sailing developed and implemented a successful afterschool accredited program in New York City. Using that program as a format, the NSHOF and AACPS have begun developing a curriculum for **teaching applied mathematics and science critical thinking through sailing** to meet the needs of a pilot group of AACPS Science, Technology, Engineering and Mathematics (STEM) students. The pilot materials and student achievement results will be added to the Hudson River Community Sailing data base to design an adaptive model for school and community use elsewhere. Interest has already been expressed in San Diego, CA and Nantucket, RI " This information comes from the National Sailing Hall of Fame. To learn more, contact **Dr. Maureen McMahon, AACPS at 410-222-5365 or Susan Nahmias, NSHOF at 443-822-3737 or susan.nahmias@nshof.org**. It's just a thoughtwe do have plenty of sailing vessels and bright young people in the southern Bay.

The *Mirage* crew knows that what happens at SOUTHERN BAY RACE WEEK, stays at SOUTHERN BAY RACE WEEK! especially when you are talking about part-eeee time. A lot of crews study "**mixology**" and "**brewology**" from the semi-professional side by taking a shift (one hour) at the beer truck or rum bar as a crew. Also, they get to socialize with all the other racers and friends on the property at the post-race party. So, continue your crew tradition or start a new one - sign up with **Suzanne Hamilton at suzanneshamilton@gmail.com** or go to **Black Seal Cup** (under Volunteer Duties & Schedule) send Suzanne an email directly from it. Pick your hour to be in the spotlight! The best shifts go fast. *Mirage* was first to sign up, so get your spot quick. www.blacksealcup.com
