About the Clear Start@ watch. The mention in the previous issue brought a response from a fellow southern Bay racer. Justin Morris said, “*I’ve been using one all year as my old Casio filled with water while swimming early in the season. The best feature is the Sync button. Say you’re not really paying close attention and you hear a RC horn, so by the time you hit your watch you’re 10 seconds late? What to do? When you hear the 4 minute horn, you hit sync, and now your watch is spot on, a cool feature!*” NOTE: SBRNYCU has no affiliation with Ronstan, or Clear Start, or any other company for that matter. The item just looked like something southern Bay racers might be interested in checking out. *Murphy, the Racing Beagle*, is considering getting a matching set of 2 (1 per front leg).

MURPHY’S LAW: Whew! That Turkey Shoot was something! *Yrs Truly, the Racing Beagle*, spent the weekend ashore being taunted by a flock of the partially feathered, wrinkled neck, beauty-challenged birds. To all those turkeys watching from a distance, *The Murphster* says, “Next time I will have my track shoes on, so, gobble this!” Ahoooooooooooo. /S/ *Murphy the Racing Beagle, the sailing spirit in us all.*
