This WINTER the **J70 Class is encouraging J70s to head for Florida** and take advantage of chances to race one-design in the Davis Island Winter Series (Tampa), the Bacardi Series & Bacardi Cup (Miami), and the J70 Midwinters (Miami). Given the local temperature predictions, a southward road trip sounds like a good idea.

A chance to “express yourself” in a colorful way! IF you have always wanted a chartreuse (or any other color) bottom paint job on your boat, here is a special opportunity. **VOODOO 2 is “For Sale” and is going to the shed this winter for fresh paint. Anyone interested can choose their color if done before Spring.** Any reasonable offers for this well known Tripp 38 will be considered. So, if you want to express your inner artistic self *and* have a lovely boat, contact Leroi Lissenden at (804) 874-1146.

MURPHY’S LAW: *Yrs Truly, the Racing Beagle*, can only sympathize with those who are true “summer racers” and, therefore, suffer from chilled bones and ice-brick feet through any frostbite race. Those Hobie 16 pictures (see item above) will warm the cockles of all racers hearts. But *WAIT*. . .what the heck are *cockles*, you ask, and what do they have to do with my heart? It is said cockles are small, squishy, edible bivalve mollusks. The characteristics they share with your heart are that they are squishy and pump liquid and some say are shaped like the chambers of the heart. The Murphster thinks that comparison might be a reach too far, but there it is. Ahoooo. /S/ *Murphy the Racing Beagle, the sailing spirit in us all.*
